LETTER OF DEFICIENCY #WSEB 03-203
CERTIFIED MAIL # 7000 0600 0023 9933 2970

SUBJECT: EPPING - EPA#: 0762080 Public Water System: VILLAGES ON THE LAMPREY

Dear Owner:

The records of the Department of Environmental Services (DES) show that the subject water system is classified as a public water system (PWS), as defined by RSA 485:1-a. A PWS is defined as any water system supplying 15 or more service connections, or 25 or more people, for 60 or more days per year. Pursuant to NH Admin. Rule Env-Ws 352, the water system owner is required to issue to the system's customers a Consumer Confidence Report (CCR) by July 1st of each year. Env-Ws 352 also requires the system owner to forward a copy of the CCR to DES by July 1st of each year and to submit certification of the CCR to DES by October 1st of each year. DES records show that the subject water system failed to prepare and deliver the 2003 CCR to customers and DES by July 1, 2003. The failure to prepare and deliver the 2003 CCR places the water system in violation of Env-Ws 352. DES believes the CCR violation can be corrected and future violations prevented by taking the following actions:

1. **By August 18, 2003, prepare and deliver to the water system's customers and DES the 2003 Consumer Confidence Report containing calendar year 2002 drinking water information; and**
2. **By October 1, 2003, submit to DES the 2003 CCR certification.**

In the event compliance is not achieved within this period, DES may take further enforcement action. These actions include issuing an order requiring the deficiencies to be corrected, initiating an administrative fine proceeding, and/or referring the matter to the NH Department of Justice for imposition of appropriate penalties.

A CCR template with instructions is available for downloading free of charge at www.des.state.nh.us/wseb/ccr.htm. If your system uses the state laboratory, laboratory results are available from this website also. Please contact Richard Thayer at (603) 271-2950 or by email at rthayer@des.state.nh.us, if you have any questions regarding the preparation and certification of the 2003 CCR. The copy of the 2003 CCR and 2003 CCR certification as requested above should be addressed as follows: Department of Environmental Services, Attn: Anne Bailey, Water Supply Engineering Bureau, 6 Hazen Drive, PO Box 95, Concord, NH 03302-0095. If you have any questions concerning this letter, please contact Anne Bailey at (603) 271-0672 or by email at abailey@des.state.nh.us.

Sincerely,

COPY
